Burke's Garden Academy has commenced what promises to be a most prosperous session. Seventy-one pupils had been enrolled up to Monday morning, and there are others to come. Revs. I. P. Martin and W. W. Ruff exchanged pulpits Sunday night, the former filling the Presbyterian pulpit in the town and the latter preaching at the Methodist church at North Tazewell. We were glad to see this as it shows that the pastors are in hearty accord one with the other and hope such may continue to be the case. The sermon of Mr. Martin was an able one, and we have heard many say that it was the best that they had ever heard Mr. Martin deliver, and he always preaches good sermons.

It is with regret we announce the death of Mr. James Allen, of Thompson Valley. Mr. Allen has been at the residence of Mr. Henry Hampton, near North Tazewell, for the purpose of taking advantage of the mineral water at the Peery spring near that place and on Monday evening was playing with the children when he suddenly was stricken from his chair by a stroke of paralysis. Mr. Allen was one of the best known men in the county and was well liked by all who knew him and his many friends will be sorry to hear of his sudden death.

The Hon. Mr. Brown, of New York, who spoke at Pocahontas and Graham in this county, must take the people for a lot of fools or mullet heads who don't know the war is over. He made the statement at both places that there was 600,000,000 men in the United States out of employment, and that if McKinley was elected a million and a half of dollars would be spent in Bleastone Valley. As the United States only has a population of 70,000,000 he only lied to the extent of 530,000,000, that is if there was nothing but men in the country, and all of them were out of employment. His other statement is at the same ratio.

J. W. Chapman, Esq., Addresses the Free Silver Club.

On last Friday evening the Tazewell Free Silver Club was addressed by Mr. J. W. Chapman. While Mr. Chapman is not a politician, he has given the subject of free coinage of silver a great deal of attention from a desire to thoroughly post himself on this subject, and his speech Friday night was the result of his investigation. There were about 200 people in the hall and the speaker was listened to with marked attention, though often interrupted with applause. It was a splendid speech, and we hope Mr. Chapman will make several more in the present campaign as he is a man of ability and is known throughout the county as an honest, upright gentleman, having no axe of his own to grind, and only takes the stand he does from the belief that in the election of Mr. Bryan and a Democratic Congress depends the future prosperity of our country.

Tournament in Smyth Co.

We have only to refer to the time worn pages of Grecian and Roman history to learn that tournament riding is not a new fashioned sport and did not originate in the fertile mind of our nineteenth century sporting clubs or college athletes, but dates back to the reign of Julius Caesar, when, perhaps, he, with his council, which constituted the bone and sinew of Roman intelligence and power sat in the arena and applauded the gallant plumed knights as one by one they dashed by on fiery steeds, his presence serving to them as an incentive to excel and win from him a smile of approval. Or, perhaps, we may go still further, to Caesar's youthful days, when he and Brutus, doubtless, contested for the crown, each keeping in his mind's eye some Roman beauty who was anxiously waiting and hoping her gallant knight would win, so that she, on bended knee, might receive the crown from the hands of her lover, not for its intrinsic worth, but as a token of love and beauty. But tournaments did not cease with Caesar's death. There was no traitor like Brutus to deal it a death blow, but it has lived and retained its popularity, and has survived through all the intervening ages to assist the timid youth in pleading his cause with his lady love.

Such an event was enacted on Friday, Sept. 11, in the graceful bend of the Holston near Chatham Hill. The day dawned bright and beautiful, with not a vestige of approaching rain to spoil the track or mar the costumes of the fair, but everything seemed to have put on a holiday appearance. The foliage looked greener, the birds sang sweeter as they flew from tree to tree in wonder and amazement at the crowd of intruders. About 11 o'clock the crowd, about 500 in number, had

We live in a country of which the principle scourge is stomach trouble. It is more widespread than any other disease, and very nearly, more dangerous. One thing that makes it so dangerous is that it is so little understood. If it were better understood it would be more feared, more easily cured, less universal than it is now. So, those who wish to be cured take Shaker Digestive Cordial, because it goes to the root of the trouble as no other medicine does. The pure, harmless, curative herbs and plants, of which it is composed, are what render it so certain, and, at the same time, so gentle a cure. It helps and strengthens the stomach, purifies and tones up the system. Sold by druggist, price 10 cents to \$1.00 per bottle.

MONEY MAKE IT YOURSELF

Judge Williams in Tazewell.

Tuesday morning dawned dark and rainy and it looked for a time as if the inclement weather would prevent many persons from being present who desired to hear the distinguished gentlemen, who will represent this district in the 55th Congress of the United States, discuss the financial question. But as the day wore on the sun appeared from behind the dark clouds and the hardy yeomanry of the county began to put in their appearance. At one o'clock Judge Williams addressed the Democrats in the court house, and for more than two hours and a half held the attention of the large crowd that filled the court house. The Judge made an able speech, which was free from the usual stale campaign anecdotes, with which our opponents regale their hearers; and confined himself almost entirely to the financial question. He started out by giving a short explanation of his entry into politics, and the first political speech he made was at the solicitation of Tazewell friends when he placed General Rees T. Bowen in nomination for Congressman from this district. He compared the platforms of the two parties four years ago, when both advocated bimetalism without any reference as to the action of other nations. In the course of his remarks he showed the impossibility of any such thing as international bimetalism so long as England owns nearly all the gold of the world and America produces nearly all of the silver. One thing in his speech which was conspicuous by its absence was the abuse which the opponents of free silver fill their speeches hoping thus to win votes. Taken altogether, the speech was a masterly presentation of the evils of the gold standard and the prosperity which awaits us under a bimetallic system, or the present financial system enforced, interpreted according to the Constitution of the United States, and not according to the personal views of any one man.

BAYLOR & HARMAN.

MR. J. B. BOYER

President of a Baltimore Bryan and Sewall Club.

At a meeting of the Commercial Traveler's Bryan and Sewall Club, held last night at Democratic city headquarters, it was decided to attend the big demonstration on Saturday night in a body. J. B. Boyer presided, with H. H. Jennings as secretary. The latter is related to the Presidential candidates, as their grandfathers were brothers.

It was announced that 500 members had been enrolled, paying their dues and buying badges for the parade. Several hundred additional travelers are expected from out of the city, and the Naval Reserve Band has been engaged to furnish music.

The members of the club will assemble at Howard and Baltimore streets in time to reach the place of meeting before Mr. Bryan begins to speak. Each man will wear a badge of blue silk, bearing pictures of the candidates; with the name of the club and date in silver lettering. It will have a silver pin.

President Boyer was yesterday appointed a member of the escort committee by Congressman Rusk, and he will go to Washington to meet the candidate.

Secretary Jennings read at last night's meeting a letter which he sent to Mr. Bryan at Richmond. In it he said:

"The Hon. Mark Hanna has boasted that 95 per cent. of the traveling salesmen are in sympathy with and will vote for McKinley and Hobart. We wish to refute this statement as regards Baltimore. We have just organized a Commercial Travelers' Bryan and Sewall Club, 500 strong. The boys are tumbler over each other to get their names enrolled as members. They are enthusiastic in their support of the candidates of the toiling masses."—Baltimore Herald.

She took six bottles of Electric Bitters and her health was renewed her strength. Price 50 cents and \$1.00. Get a bottle at A. F. Hargrave's Drug Store.
